

WizBI Acceptable Use Policy

Version 1.0 · Effective October 17, 2026

This English version governs; a [Hebrew convenience translation](#) is available.

WIZBI AI LTD (וויזבי בינה מלאכותית בע"מ), company number 517297677, 23 Shir HaShirim St., Moshav Berechya, Israel ("**WizBI**")

This Acceptable Use Policy (the "Policy") is issued by WizBI.AI Ltd. ("WizBI") and sets out what may not be done with the WizBI website at wizbi.ai (the "Website") and the WizBI products, agents, interfaces and conversation channels (the "Service"). It forms part of the [WizBI Terms of Service](#) (the "Terms") and restates Section 11 of the Terms. Capitalised terms have the meaning given in the Terms. Where this Policy and the Terms differ, the Terms prevail.

1. Who This Policy Applies To

1.1. **Scope.** This Policy applies to every Customer and its Users, and to visitors of the Website, as provided in Sections 2.5 and 11 of the Terms. A breach by a User is a breach by the Customer (Section 5.1 of the Terms).

1.2. **Artificial intelligence.** Use of the Service's artificial-intelligence capabilities is also subject to the [AI Use Policy](#).

2. Prohibited Conduct

2.1. Prohibited conduct. The Customer and its Users will not, themselves or through others, and will not help others to:

- a. copy, reproduce, translate, modify, create derivative works of, distribute, sell, rent, lease, provide as a service bureau or otherwise re-offer the Service or any part of it;
- b. reverse engineer, decompile or disassemble the Service, or attempt to discover source code, structure, algorithms, models, weights, system prompts, skills, tools, schemas or logic, including by questions to an Agent intended to expose its instructions or tools (prompt extraction), instruction injection (prompt injection) or jailbreaking, except to the extent the law expressly permits this despite the prohibition;
- c. extract data, Output or content from the Service systematically, automatically or in abnormal volume, including by scraping, crawling, bots or headless browsers, beyond ordinary use and the documented interfaces (indexing of the Website's public pages by search engines and AI answer engines in accordance with the Website's robots.txt is permitted);
- d. use the Service, the Output or the WizBI Materials to develop, train, fine-tune, evaluate or improve an AI model, product or service that competes with WizBI, or to replicate the Service's capabilities, features, interface or structure (including by distillation); access the Service as, for or on behalf of a competitor of WizBI; or monitor the Service's availability, performance or capabilities for competitive purposes;
- e. publish a benchmark, test or analysis of the Service without WizBI's written approval;
- f. circumvent, disable or impair security, authorisation, quota, rate-limit, filtering, billing or monitoring mechanisms; open multiple accounts to evade a limit or block; share an account, join code or API key with anyone unauthorised; or access data, an account, an organisation or a system they are not authorised to access;
- g. perform or allow a vulnerability scan, penetration test, red-team exercise, load test or attempt to bypass the protections of the Service or its models, except as coordinated with and approved in advance in writing by WizBI, on the conditions it sets;
- h. upload or send through the Service content that is unlawful, infringing, abusive, threatening, harassing, racist, defamatory or sexually explicit, or that violates another person's privacy or rights; malicious code; Personal Data of another person they are not permitted to provide; or data collected unlawfully;
- i. carry out a denial-of-service attack or intentional overload; or
- j. use the Service for fraud, impersonation, deception, money laundering, terror financing, sanctions violations or any offence, or in breach of the usage policies of a

Third-Party Provider (such as those of Google, WhatsApp Business and Meta).

3. Enforcement

3.1. **Enforcement.** WizBI may monitor use, automatically and by authorised personnel, to enforce this Policy. On a breach or reasonable suspicion of one WizBI may, in addition to any other remedy, remove content, suspend a User, number, channel, key or account, block IP addresses, terminate under Section 16.5 of the Terms, and take legal proceedings, including for an injunction. For a breach of Sections 2.1(b) to 2.1(d) of this Policy WizBI is entitled, in addition to any other remedy, to an injunction and to damages or, at its election, to the profits the Customer or a third party derived from the breach. A breach of this Policy is a breach of Section 11 of the Terms, is a material breach and is not subject to the liability cap (Section 14.4(d) of the Terms).

4. Reporting

4.1. **Reporting.** A suspected breach of this Policy may be reported to legal@wizbi.ai.

5. Changes and Language

5.1. **Changes.** This Policy is updated, and its versions are archived at the Legal Hub, under Section 17 of the Terms.

5.2. **Language.** This Policy is made in English, which governs. A Hebrew or other translation is for convenience only.
